

Revit Specialist

Who We Are:

At Nequette, we are place-makers who create thriving mixed-use town centers that capture the character of yesterday, while anticipating the financial & environmental challenges of tomorrow.

Whether the project be mixed-use communities with strong town centers, multi-family housing, infill commercial spaces in urban settings, or market-rate residential neighborhoods—our goal is always to solve problems, create a sense of place, and bring people together.

Our talented team approaches each design with creativity and precision, delivering high quality and innovative solutions in every step of a project—from master-planning, to architectural and interior design, to furnishing spaces, to comprehensive branding. Our clients can expect a compassionate and collaborative and experience utilizing every aspect of our multifaceted design collective that puts their needs and vision first.

At the heart of it all: we create enduring, beautiful communities that continue to tell a story for generations to come. For more information, visit www.nequette.com.

About the Position:

The Revit Specialist should be an organized, detail-oriented, and self-motivated designer. The ideal candidate should be comfortable operating in a collaborative team environment, interested in mixed-use and multi-family projects, and have a passion for teaching and mentoring others. Time management and good communication skills are imperative, as involvement in multiple projects at once is a given. Nequette empowers all of its staff to take ownership of internal and external relationships, so strong interpersonal skills are highly desired. We are considering candidates with a variety of education and experience backgrounds – if you fit the requirements below, we want to talk to you!

Requirements:

- Must have drive, determination, and a self-disciplined approach to achieving results
- Proficient understanding of construction drawings and detailing of various size projects
- Basic understanding of building code
- Understanding of how engineering trades, consultants, budgets, entitlements, and schedules impact architectural designs
- Eager to innovate new systems, technologies, and processes for the firm
- Desire and ability to teach skills and technologies to current firm members
- Strong communication skills both written and verbal
- Ability to work in a team environment
- Must be flexible to changes
- Strict adherence to deadlines
- Strong attention to detail and organization
- Strong work ethic and a drive to exceed client expectations

Qualifications:

- Training at the Associates degree level or higher
- Revit/BIM Systems expertise, required; SketchUp experience, preferred
- 3+ years design and/or drafting experience
- Experience working with an architecture firm, preferred

Benefits:

- Salary competitive with national averages
- Profit sharing bonus structure
- BCBS Platinum Health Insurance
- BCBS Dental & Vision available
- Disability & Life provided
- 401(k) retirement plan with quarterly company contribution
- Employee referral program
- Generous PTO and 6 paid holidays
- Optional one day remote work per week
- Mentorship program
- Employer-paid AIA membership for licensed architects
- Reimbursement for passed ARE Exams
- Employer-paid conference attendances
- Organized community service days
- Employer-paid domestic and international firmwide retreats
- Monthly firm events (holiday potlucks, happy hours, fitness classes, etc.)

Core Values & Culture:

Nequette is rooted in our commitment to community – the clients we design for, the people who live in and enjoy the spaces we create, and, most importantly, our team members we work alongside every day. Each of us honors this commitment by adhering to our core values: maintaining an attitude of excellence, putting communication and collaboration at the center of our relationships, and encouraging growth and creativity both as a team and as individuals. We know the importance of mutual respect, therefore, new team members can expect a culture that supports personal development (conference attendance, mentorship program, assistance on the path to licensure, AIA involvement, etc.), champions honesty and humility, and also knows how to have a little fun. Above all, we put people first.

Qualified candidates please send resumes to - jobs@nequette.com
